Chapter 543 Hearts Connected

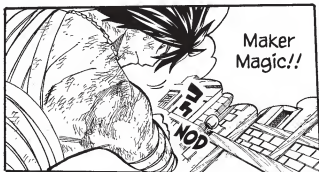

STORY THUS FAR.

The Black Dragon, Acnologia, has been split into flesh and spirit. The spirit Acnologia is in the space between time, fighting the seven Dragon Slayers, while the flesh Acnologia has been chasing the wizards who were gathered in Magnolia!! The flesh Acnologia seems to attack the wizards on instinct, as if it has lost all reason. Lucy could only come up with one plan to combat it...to distract Acnologia and trap it in Mavis's magic, Fairy Sphere.

I'll
